## EQUINIX ZURICH DATA CENTERS

Equinix helps companies accelerate business performance by connecting them to their customers and partners inside the world's most networked data centers. Our Zurich data centers are business hubs for 260+ companies. Zurich customers can choose from a broad range of network services from 75+ network service providers, and they can also interconnect directly to customers and partners in their digital supply chain. Our facilities feature a dense concentration of network, cloud, content, enterprise and financial services firms. The Equinix metro Zurich International Business Exchange™ (IBX®) data centers consist of two buildings with approximately 94,000 square feet (8,775+ square meters) of colocation space.

The Zurich colocation facilities enable customers to be part of a rich industry ecosystem. Equinix data centers are strategically located in the heart of Europe with the ability to reach 80 percent of Europe within a 30-millisecond round trip. The central locations of our Zurich data centers are ideal for network service providers who deliver into the banking district, and for companies based in this European financial services and media powerhouse.

## ZURICH IBX® BENEFITS

- Ability to reach 80 percent of Europe within 30 milliseconds makes colocation in Zurich ideal for enterprises with multiple European offices
- Strategically located in the heart of one of Europe's largest financial markets
- ZH4 data center offers scalable technical space, leading operational resilience, world-class security and a high-performance network ecosystem
- ZH4 is the main data center for Swiss Exchange AG's new trading platform X-stream Inet and acts as the main colocation site for customers of SIX Swiss Exchange Group
- Access to Equinix Internet Exchange and SwissIX
- Access to nearly 100 network providers' core and service nodes
- Compliant with key international standards

### Space

Colocation Space	4,015 ft <sup>2</sup> (373 m <sup>2</sup> )
Building Type	Concrete and steel frame construction
Parking	Adjacent to building (no charge)

### Floor

Floor Type	Raised
Floor Load Capacity	94 psf (4.5 kN/m <sup>2</sup> )

### Fire Suppression

Analogue addressable point detection, automatic inergen gas

## Facilities

### Power and Cooling

Power and Cooling Density	1.0 - 1.5 kVA per cabinet
UPS Configuration	Distributed redundant
Standby Power Configuration	1 x 500 kW diesel generator
Standby Power Redundancy	N
Cooling Configuration	Uniflair chiller rooms

### Security

Physical	Man trap entry
Human	24x7 onsite security officers
Electronic	Card readers, biometric readers in common areas; additional biometric readers optional for customer cages, CCTV surveillance with 90-day video retention

## Amenities

- Break Room
- Loaner Tools
- Showers
- Crash Carts
- Work Kiosks
- Wifi
- Conference Room

## Products and Services

### Colocation

- Private Cage
- Secure Cabinet
- AC Power Circuits
- DC Power Circuits
- IBXflex™ Office and Storage
- Antenna

### Interconnection

- Equinix Cloud Exchange Fabric™
- Equinix Internet Exchange
- Cross Connects
- Campus Cross Connect
- 

### Services

- Smart Hands™

## Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

## Certification and Sustainability

### Certifications

- ISO 27001
- ISO 9001
- SOC 1 Type II
- SOC 2 Type II

### Green By Design

- Adiabatic cooling
- Renewable energy—100% through utility hydropower
